

WILTSHIRE WELLBEING HUB

Wiltshire Council

Provider/Partner Agency Briefing

Launch of Wiltshire Wellbeing Hub (COVID-19 Community Resilience Hub)

We have set up a dedicated hub to support the most vulnerable residents during the ongoing COVID-19 situation.

Our Wiltshire Wellbeing team is available to anyone who is struggling during this difficult time, such as people who are shielding or self-isolating and don't have a support network around them or know where to get help.

Our team can help provide support but also signpost them to where additional help is available in their local area with hundreds of community groups set up across the county providing invaluable assistance.

How to access the Wiltshire Wellbeing Hub

The helpline is open Monday to Friday, 8am – 8pm and weekends, 10am – 4pm on **0300 003 4576** or email wellbeinghub@wiltshire.gov.uk

Our helpline staff can:

- Arrange for the delivery of emergency food parcels where needed
- Connect residents with local community groups who can assist them with support needs
- Resolve any issues with the delivery of medication from a pharmacy
- Give ideas for staying physically and mentally well
- Signpost to other specialist services

Our helpline staff cannot:

- Give professional health advice

Local health services are supporting the work of the Wiltshire Wellbeing Hub but continue to escalate any individual patient concerns through your normal routes

Operational process

A short triage process will ensure that people can access the most appropriate service quickly and we will prioritise those enquiries that need a same-day response. If we identify a clinical or social care need, we will refer any required support to our professional colleagues. Due to demand, we encourage only people who are classified as vulnerable, or those shielding to use this line in the first instance. Our approach will be to encourage self-help and community support wherever possible.
